

## Lab # 2

### Links, Tables, Lists, Media

1. Create a **numbered list** of your study years at the university (First year, second year, until 4th) then under each year create an **unordered list** of the courses you enjoyed the most (minimum of two items).
2. Create a link that directs the user to an external website. The destination should open in a new window.
3. Create another link that directs the user to a video at the bottom of the same page. The video should have appropriate controls. The video should start playing as soon as the page loads.
4. Create a table containing 3 rows and three columns. The first cell in the second row should span across 2 columns.
